SUMMARY

Software Engineer and AI Engineer specializing in scalable software systems, AI-powered applications, SaaS products, and business automation solutions. Experienced in transforming complex ideas into production-ready products through strong engineering, system design, and modern development practices. Currently leading the development of intelligent solutions while driving technical decisions, product delivery, and innovation. Passionate about Artificial Intelligence, Generative AI, automation, and building technology that creates measurable business impact. Earned 30+ professional certifications across Software Engineering, Artificial Intelligence, and emerging technologies.

SKILLS

HTML | CSS | Tailwind CSS | Bootstrap | JavaScript | React.js | Next.js | Redux | ShadCN UI | Material UI | Ant Design | Framer Motion | Three.js | Node.js | Express.js | MongoDB | PostgreSQL | MySQL | Firebase | REST APIs | Git | GitHub | Docker | Kubernetes | AWS | Google Cloud | GitHub Actions | Vercel | Netlify | Python | NumPy | Pandas | Scikit-Learn | TensorFlow | PyTorch | OpenCV | Machine Learning | Generative AI | OpenAI | Claude | Gemini | LangChain | LangGraph | CrewAI | RAG | AI Agents | n8n | Selenium | Postman

EXPERIENCE EXPERIENCE

Software Engineer & Team Lead

Kogents — Apr 2026 – Present

- Leading the development of web applications, AI-powered solutions, and SaaS products.
- Driving system architecture, technical strategy, and product delivery.
- Managing development workflows and collaborating with teams, clients, and stakeholders.
- Building scalable software solutions focused on performance, reliability, and business impact.

AI Engineer

Kogents — Jan 2026 – Apr 2026

- Developing AI and data-driven solutions using Python, Machine Learning, and data visualization tools.
- Building automation workflows and intelligent applications to optimize business processes.

Frontend Developer Developer

Technologies — Jan 2025 – Feb 2025 2025

- Built responsive React.js web applications and the company portfolio website with modern UI/UX.
- Collaborated with designers and backend developers to deliver scalable, high-quality products.

Full Stack Development Intern

Saylani Mass IT | Oct 2024 – Jan 2025

- Developed web applications using React.js, Node.js, Express.js, MongoDB, and integrated REST APIs.
- Implemented responsive interfaces and improved code quality through team collaboration.

EDUCATION

- BS Computer Science (Undergraduate)** — Dawood University of Engineering & Technology, Karachi
(Aug 2025 – Present)
- Intermediate (Pre-Engineering)** — Government College for Men Karachi, Board of Intermediate Education
(Sep 2022 – Sep 2024)
- Matriculation (Science)** — Matchless Grammar Secondary School, Board of Secondary Education
(2022)
